

## MY CITY

1. Read the text carefully and complete the conceptual map.

"The Town Hall is the administrative organ of a city or village. It is the place where the mayor and his/her council meet. These elected officials are in charge of providing the services necessary for the citizens of their district. The inhabitants of this city or town collaborate with the town hall through the payment of taxes through elections and by enjoying the services and benefits that the town hall provides".

## Block 3: Activity 5
